.

This camp is designed to cover the basics of what Corona Panther baseball preparation is about. We will cover a few of the ways we work to improve here at Corona HS, including hitting, defense, base running, and pitching. The main goals of the camp are really three things. First and foremost is to provide a safe learning environment and have a great time working to improve. We also want to prepare possible Corona players for baseball tryouts at the start of the school year. Finally, it is a chance for coaches to identify advanced future Panther baseball players that the coaching staff would like to enter into the program immediately and enroll them in 6th period baseball class when school starts.
